

Letter of reference

We are happy to recommend the Clear View Andrzej Borkowicz company with its headquarters in Gdynia, ul. Kapitańska 10/6.

The company in between 2010 and 2013 provided services of repairing the glass on the constructions of "Apartamenty w Orłowie" and "Altus", on which I was a manager.

Work included:

Removing scratches from the glass,
Removing burns from the glass,
Disassembling and assembling if necessary.

Work has been done in time and with diligence.

Employees carrying out the work have the required knowledge and skills, that is the reasons I highly value their services. Clear View company has a specialized glass repair equipment, and they keep the work space clean and organized.

I might add, I have compared Clear View company's work with others and based on that due to Clear View's professionalism and wide range of their services I may confidently recommend them.
