Letter of reference

This is to certify that Clear View company with its headquarters in Gdynia provided a service of removing scratches from glass in our McDonalds restaurants' dining room in Pruszcz Gdański.

The service was carried out in a professional way, it did not interfere with restaurants activity. After the finished job the glass looked not only as good as before, but I might say it looked better than others.

I can honestly recommend Clear View Company to all, who think of renovating glass surfaces.
